

REMARKS

This Supplemental Amendment and Response is filed in order to make amendments to Claims 54 and 56 which clarify the claim language of these added claims. In particular, the amendment to Claim 54 clarifies the language to more properly reference the acellular component *or the fraction of the acellular component* as set forth in independent Claim 50. The amendment to Claim 56 corrects an inadvertent use of the phrase "biological fluid" instead of "whole blood," so that the claim has proper antecedent basis from Claim 50.

Respectfully submitted,
